

SYNTHETIC / FICTIONAL — FOR CIVIX PROTOTYPE TESTING ONLY

FORENSIC EXAMINATION REPORT

Report ID: LAB-2026-DEL-991

Date: 2026-09-02

Subject: Examination of White Maruti Dzire (HR-26-XX-1122)

Findings:

1. The interior of the vehicle (HR-26-XX-1122) yielded multiple latent fingerprints matching Vikram Singh.
2. A torn piece of a financial ledger was found under the passenger seat. The ledger fragment explicitly mentions 'Zenith Enterprises' and lists an HDFC Bank Account: 50100234XXXX.
3. Trace amounts of chemical precursors were detected in the trunk lining.

Conclusions:

The vehicle has likely been used for repeated transport of contraband. The connection to Zenith Enterprises requires further financial investigation.
